

About CBI

Founded in 1982 as a non-profit organization by members of the recovery community, Community Bridges, Inc. has held as its principle mission “maintaining the dignity of human life” for more than 40 years.

CBI serves individuals, families, and communities in need by offering clients a personalized, integrated approach to addiction treatment and behavioral health concerns. CBI’s recovery model embraces the full continuum of medical services, substance abuse and mental health treatments.

Our Mission

To maintain the dignity of human life.

Our Purpose

To be an agent of positive change in our communities.

Pima County *SAFR Center*

The Pima County Sobering Alternative for Recovery (SAFR) Center provides 24/7, short-term stabilization for adults experiencing substance use disorder. The SAFR Center is operated by Community Bridges, Inc. (CBI), with funding approved by the Pima County Board of Supervisors using opioid settlement funds.

The SAFR Center is a treatment program that serves adults 18 years and older. Services can be accessed through community referrals including Law enforcement and first-responder drop-offs as a therapeutic deflection option, hospital referrals, and community partner referrals.

Onsite staff can assist with referrals to appropriate higher level of medical or psychiatric care when needed.

The SAFR Center is open 24 hours a day, 7 days a week.
